Day 2: Posterior Cervical Approaches

Session 3

Moderators : **Alpaslan Şenel, Ender Ofluoğlu**

Time	Title	Speaker
08:00-08:15	Posterior Cervical Region Anatomy	Ural Verimli
08:15-08:30	Posterior approaches to upper cervical spine (midline, transcondylar, lateral cervical approaches)	Vehbi Gülmen
08:30-08:45	Occipitocervical and condyle fixation	Adnan Demirci
08:45-09:00	C1-C2 posterior fixation (C1 lateral mass, C1 and C2 pedicle, pars, translaminar screws)	Ender Ofluoğlu
09:00-09:15	Lateral mass screw fixation	Mohammed Zohair
09:15-09:30	Cervical pedicle screw fixation-Free Hand	Ülkün Ünlü Ünsal
09:30-09:45	Robotic-guided placement of cervical pedicle screws	Mirza Pozjkic
09:45-10:00	Coffee break	
10:00-12:00	Cadaver Lab 3: Posterior upper cervical dissection	Lab 1 Basic Lab 2 Advanced
12:00-13:00	Lunch break	
Session 4		
Moderators: Serdar Kahraman, Onur Yaman		
13:00-13:15	Laminoplasty vs laminectomy plus fusion	Eung -Sang Kim
13:15-13:30	Surgical techniques for primary cervical spine tumors	Serdar Kahraman
13:30-13:45	Anterior vs posterior approach for cervical OPLL	Balkan Şahin
13:45-14:00	Approaches to cervicothoracic junction and surgical techniques	Serdar Kahraman
14:00-14:15	Cervical sagittal and coronal balance	Osama Arim
14:15-14:30	Posterior cervical osteotomies	Yahya Guvenc
14:30-14:45	Cervical correction maneuvers	Onur Yaman
14:45-15:00	Coffee break	
15:00-16:45	Cadaver Lab 4: Posterior lower cervical dissection	Lab 1 Basic Lab 2 Advanced
16:45-17:15	Video presentation and case discussion Case video-Discussion Fatih Akbulut Case video-Discussion Yener Şahin Case video-Discussion Onur Erdoğan Case video-Discussion Participants Case video-Discussion Participants	
17:15-17:30	Closing
